Your generous support is vital to the Roxey Ballet's educational programs:

Dance to Learn

Our one-of-a kind program brings ballet to the classroom, teaching students how they can improve expression beyond verbal language, and supporting teachers to create connection in the classroom through movement.

Celebrating Diversity

A recipient of the NJ Governor's Award for Artistic Excellence, our anti-bullying assembly program demonstrates that being different is natural, and we should embrace the diversity of each person

Wheels & Bodies In Motion

Designed for standing and seating dancers of all abilities, our program teaches new ways of moving and creating, while establishing friendships
